Program Sparks Curiosity

The Winkler Chamber of Commerce Business Retention and Expansion Initiative is getting attention from the provincial government.

President Ken Thomas says the premier's Economic Advisory Council requested a presentation on their B.R.E.I. Program.

That meeting took place in November and was well received.

He notes the advisory council has called since seeking additional information.

Thomas says they have also received a lot of good feedback from the stakeholders, and people surveyed.

He says everyone is talking and working together and have voiced appreciation for the B.R.E.I. Program.

Thomas adds the program will have beneficial impact in the community.
