### Busy Year Planned For 2009

It looks like 2009 will be another busy year for the Winkler and District Chamber of Commerce.

President Ken Thomas says they plan to hit the ground running.

He says their agenda for the first few months of the year is already full of events and various projects.

Thomas says the Chamber will continue following up recommendations from the B.R.E.I. Program.

He adds they will present results from the second set of 100 interviews in late January.

Out of that they will come additional recommendations.

Thomas says once they identify these challenges and opportunities they will plan to spend a lot of time working with people, and the stakeholders involved to implement them.

Meantime, Thomas says the biggest challenge in 2009, from the Chamber's perspective, will be to find balance.
