Winkler Chamber Excited For Future

Written by Pam Fedack
Saturday, 04 June 2011

Winkler Chamber President Kenton Doerksen and Chamber Executive Director Brenda Storey take a break from serving to pose for a picture at the Chamber's annual appreciation barbecue.

Winkler Chamber of Commerce President Kenton Doerksen feels the chamber is in a positive place right now, but says there is still room to grow. He says they recently began working with the South Central Immigrant Services on a new program of their's called SCORE . Doerksen says the program helps to provide employment opportunities for older workers. Doerksen says they have also been working with ThirdQuarter and a number of other groups and growing the chamber that way.

Meantime, Doerksen says they're excited to be working with the Morden Chamber of Commerce to host the Manitoba Chamber of Commerce annual meeting in 2012. He says it will be a great way to showcase our area to the Manitoba business community and expand their borders. He notes plans for the event are underway already and they're excited for the opportunity.
